Setting benchmark for **QUALITY** products

At Cipla, we believe that the key to strengthening the foundation of a responsible brand lies in consistently achieving high standards of quality in everything we do. Maintaining a culture of compliance and following systematic interventions to consistently meet or exceed quality standards

Manufacture products that adhere to **Stringent Quality** specifications & in-process controls

Committed to achieving **Zero defect** to ensure that every product released adheres to all applicable quality and regulatory standards.

Enhanced **Quality Management Systems** that meet current expectations of regulatory authorities such as CDSCO, US FDA, MHRA, TGA, MCC, WHO, etc.

Digitalise IT systems to improve the **Quality assurance** and quality control processes

Regular vendor audits to **Ensure Adherence** to relevant quality standards across value-chain
